Bay Area Dental Hygienists’ Association
Presents

From Risk to Results: Periodontal Instrumentation for the Advanced Practitioner” &
“A Beam of Light into your Practice: Benefits of “Lasers in Everyday Dental Hygiene”

With
Lisa Mayo, RDH, BSDH, MHA
Lamar State College; Parker Center
1800 Lakeshore Dr.-Port Arthur, TX  77641
Friday, May 10, 2019
9:00 – 4:00 – 6 CEUs

Lisa Mayo, RDH, BSDH, MHA,
Lisa Mayo is the Central Region Clinical Educator for DENTSPLY SIRONA. She received her Bachelor’s Degree in Dental Hygiene from the Caruth School of Dental Hygiene at Baylor College of Dentistry in Dallas TX. She then received her Master’s Degree in Healthcare Administration from Ohio University.
Lisa has published over 40 peer-review continuing education courses and articles since 2006 on a broad range of topics for the Canadian Dental Journal, Dental Economics, Penn Well, RDH, Access, and Dimensions of Dental Hygiene.
Lisa has over 18 years of clinical experience in general and periodontal dental practices. She has served as the Dental Hygiene Program Director and a full time Professor at a dental hygiene program in Texas for 6 years before joining the DENTSPLY SIRONA Education team.

You’ve loved her before so we’ve brought her back by popular demand with two new courses.
“From Risk to Results: Periodontal Instrumentation”… (3CEU’s, 9:00AM – 12:00PM)

COURSE DESCRIPTION
This course is based on current scientific literature and will provide the clinician evidence based tools and strategies for comprehensive patient care. The Evidence-based Decision Making (EBDM) process will be discussed with regard to periodontal risk assessment protocols, salivary diagnostics, and progressive treatment planning. Advantages of ultrasonic instrumentation will be examined as demonstrated in the current research for obtaining successful clinical outcomes while providing comprehensive patient care.

COURSE OBJECTIVES

- Examine the application of Evidence-based Decision Making (EBDM) for providing patient outcomes by utilizing current concepts in periodontal debridement
- Understand the unique relationship between oral and systemic conditions utilizing the patient’s risk factors including current medical status, dental & periodontal considerations, and total patient history.
- Discuss the use of salivary diagnostics as part of risk assessment to examine the presence of pathogenic bacteria, genetic markers, and elevated C-reactive protein which all play a role in periodontal disease susceptibility.
- Develop an understanding of the role ultrasonic instrumentation plays in biofilm disruption, access to deeper periodontal pockets and furcation involvement critical for successful clinical outcomes.
- Recognize the need for a variety of ultrasonic inserts according to patient presentation and clinical significance.
- Identify the elements of insert care and maintenance necessary for effective and efficient clinical outcomes.

“A Beam of Light into your Practice: Benefits of Lasers in Everyday Dental Hygiene”… (3CEU’s 1:00PM – 4:00PM)

COURSE DESCRIPTION
This course is designed to increase your knowledge and understanding of laser use in dentistry today. The science technology, and current applications will be presented to maximize the comfort level of use. Implementing dental lasers into your armamentarium can aid in effectively managing the oral health care needs of patients while providing optimum and optional treatment modalities.

COURSE OBJECTIVES

- Describe the basic science, physics and fundamentals of lasers
- Explain basic laser terminology
- Discuss the clinical applications of lasers in dentistry
- Summarize tissue interactions of lasers
- Demonstrate laser safety and appropriate infection prevention protocols when using lasers

A BIG THANK YOU TO OUR COURSE SPONSOR DENTSPLY SIRONA!

SCHEDULE: Friday, May 10, 2019 9:00 - 4:00
8:30-9:00 - Check-In and On-site registration
9:00-12:00 - “From Risk to Results: Periodontal Instrumentation …”
12:00-1:00 - Lunch included with ALL DAY participants
1:00-4:00 – “A Beam of Light into your Practice: Benefits of Lasers in Everyday Dental Hygiene”

LOCATION: Lamar State College; Parker Center
1800 Lakeshore Dr.-Port Arthur, TX 77641
Directions: https://www.mapquest.com/

CONTINUING EDUCATION CREDITS: 6 CEUs (3 CEUs for AM course; 3 CEUs for PM course)

This note is to certify that the Bay Area Dental Hygienists’ Association is a component of the American Dental Hygienists’ Association, its component, and its constituent organizations; is an approved CE course provider for the Texas State Dental Board of Examiners. These courses meet the SBDE criteria for acceptable continuing education hours for DENTISTS, DENTAL HYGIENISTS, AND DENTAL ASSISTANTS.

CONFIRMATIONS/REFUNDS: Confirmations will be sent IF an email address is provided on the registration form. Refunds: Written requests for refunds must be received 7 days prior to course presentation and will carry a $25 administrative fee.

QUESTIONS? CONTACT:
Lois Palermo – 713-419-6974 for registration information OR
